TEN CENTS A WEEK

THREE NEGROES ARE LYNCHED BY MOB

Blacks Hanged and Riddled at
Salisbury, N. C.

STORMED ROWAN COUNTY JAIL

Mob, Composed of 300 Men, Ran
Over the Soldiers and Battered the
Jail Doors Down—Two Members of
Mob Wounded by Accident.

Salisbury, N. C., Aug. 8.—A mob of
3,000 determined men, shortly before
11 o'clock Monday night, forcibly en-
tered Rowan county jail here, remov-
ed therefrom three of the five negroes
charged with the murder of the Lye-
ly family, at Barber Junction, July 12,
and lynched them.

Nease and John Gillespie and Jack
Dillingham, supposed to be the prin-
cipals to the crime were the victims of
mob vengeance. The remaining ne-
groes—Henry Lee, George Ervin and
Bella Dillingham—were not molested,
and later the officers hurried them off
to Greensboro.

The mob began gathering at sun-
down. Mayor Boyden promptly or-
dered the saloons closed and, with
other prominent citizens, United States
Senator Overman, Judge Long, who
was holding the special term of court
to try the negroes, and Solicitor Ham-
mer, gathered on the jail steps and
addressed the crowd which at that
time numbered 2,000.

There were howls and cat calls from
the mob, but for a time there was no
move—the mob lacking a leader.

While citizens were appealing to the
mob, two men slipped through the
crowd and were entering the jail with
hammers. They were discovered and
arrested. The mob continued its yell-
ing, but there was still no concerted
move.

About 9 o'clock, Mayor Boyden called
upon the local military company, the
Rowan Rifles, for aid. They assem-
bled quickly but were supplied
only with blank cartridges, having no
orders to shoot to kill.

Fireman McLendon, of Charlotte, a
Southern railway employe, was shot
in the stomach by a bullet said to have
been fired by a member of the mob.
He was fatally wounded. Will Trout-
man, a negro drayman, was also seri-
ously shot about the same time. Both
are said to have been accidents, occa-
sioned by some of the few wild shots
fired by members of the mob, with the
evident intention of frightening citi-
zens.

At 10 o'clock there was a stir in
the mob—it was augmented by fully
five hundred men, who came, it is
said, from Whitney, where the Whit-
ney Reduction company is develop-
ing the Yadkin water power. It was
but a few minutes after their arrival
when a crowd of 50, forming a sort
of flying wedge, made a break for the
jail doors, overpowered the officers,
and effected an entrance. The great
crowd outside surged in behind the
leaders, and in a few minutes more
emerged from the door with their vic-
tims.

The negroes were quietly marched
northward toward Spencer, but a halt
was made at Henderson's ball grounds
in the edge of the town. There the
negroes were given time to confess the
crime. They refused to either deny
or confess and were so thoroughly
frightened as almost to have lost pow-
er of speech.

John Gillespie wept piteously and
begged for his life. Tiring of its ef-
forts to secure statements from the ne-
groes, at midnight the ropes were
quickly brought forward and adjusted
and the three were strung up to the
limbs of one tree and with howls and
curses the crowd riddled the dangling
bodies with bullets.

By 12:30 o'clock it was all over and
a half hour later nothing remained of
the immense throng that had packed
the streets but a few groups of citi-
zens discussing the lynching.

Fireman McLendon, wounded by a
stray bullet from the mob with his
life home to Charlotte. He was
simply an interested spectator of the
scene.

The crime with which the negroes
were charged and for which they were

placed on trial at a special term of
Rowan county court was the murder
on the night of July 12, at Barber
Junction, of Isaac Lyle, his wife and
two children. Feeling ran high at the
time, and an effort was made to lynch
the negroes. They were hurried away
and brought to Charlotte, where they
remained until Sunday night, when
they were taken to Salisbury for trial.

MURDER TO BE AVENGED.

Policeman Albert's Slayer To Be Tak-
en to Atlanta for Trial.

Atlanta, Aug. 8.—Detective George
Spradlin here, a long consultation with
Solicitor Hill Monday morning about
the case of the negro Jim Shephard,
now known to be the murderer of Pa-
trick Albert, who was assassinated
on the Broad street bridge in the
heart of the city nine years ago.

The detective who has been work-
ing so faithfully and successfully on
the case for the past three weeks, in-
formed the solicitor of how matters
stood up to date. He told him that
Shephard's father, mother and six or
had all given full accounts of the con-
fession made by Jim on the morning
he killed the officer.

"I have located the murderer in the
state penitentiary," stated the detec-
tive to the solicitor, "where he has
been sent up for life for another mur-
der. He went up from Meriwether
county for killing his brother-in-law."

Detective Spradlin says he does
not think he will have much trouble
in securing all the evidence that will
be necessary to convict the negro of
the murder of Officer Albert.

The finding of the murderer of Of-
ficer Albert and the solving of the
mystery is considered one of the
greatest pieces of detective work that
has been done in the city in a long
while, and Detective Spradlin is be-
ing warmly commended by his superi-
or officers.

Milk Famine in Chicago.

Chicago, Aug. 8.—Chicago is suffer-
ing from a milk famine according to
Chief Milk Inspector Grady. Owing
to the dry season in the west the
green forage is probably burned by
the sun, and dairy men are using
fodder prepared for next winter. It
is estimated that the shortage in the
normal supply of milk amounts to 50
per cent. Eight gallon cans of milk
which, under the contract price for
August have been selling for 30 cents,
are selling as high as \$3 in some
cases. Milk is being brought to Chi-
cago from towns in Ohio as far dis-
tant as 300 miles.

Will Nominate Governor.

Waterloo, Aug. 8.—The entire inter-
est of the Democratic state convention
centers in the nomination for govern-
or. It was announced Tuesday that
State Senator Claude Porter, of Cen-
terville, has consented to be a candi-
date and that his district will present
his name. Friends of George Hall
and John Denison are active and con-
fident and the fight will be carried
into the convention.

Stock Farm Sold.

Nashville, Aug. 8.—Edenwald, the
magnificent stock farm near this city,
owned by W. O. Farmer, widely known
on the southern and eastern turf cir-
cuits, was sold Tuesday to a local
syndicate for \$50,000, and will be cut
up into town lots. Edenwald is the
home of the Commoner and other no-
ted racers.

Report is Denied.

Hamburg, Aug. 8.—The Hamburg
American line Tuesday denied the re-
port current in Belfast, Ireland, Mon-
day that it had ordered a steamer of
Hartland & Wolf exceeding in size
the Lusitana of the Cunard line.

Jewish Rebels Captured.

St. Petersburg, Aug. 8.—The work-
Vremya Tuesday published a dispatch
from Reval saying that two of the
three civilian revolutionaries captured
on the cruiser Jachet Asova, a por-
tion of whose crew mutinied recently,
were Jews.

Number of Bandits Killed.

Hartle, Manchuria, Aug. 8.—A band
of Chinese bandits engaged in pilfag-
ing on the Hwang river, was shattered
by a Russian gendarme Monday. A
large number of bandits were killed.

PURE FOOD MEASURE PASSED BY HOUSE

The Measure Was Debated For
Many Hours.

INTRODUCED BY SEAB WRIGHT

Though Whole of Morning Session
Was Spent in Its Consideration,
Only Five Votes Were Cast Against
the Bill.

Atlanta, Aug. 8.—The house Mon-
day passed the pure food bill intro-
duced by Mr. Wright, of Florida, and
passed in accordance with the act re-
cently passed by the national con-
gress.

The measure was passed by a vote
of 101 to 5, the whole of the forenoon
session having been consumed in its
consideration.

This bill provides for the preven-
tion of the adulteration, misbranding
and imitation of foods for man or
beasts, of beverages, condiments and
condiments, of medicines, drugs and il-
quors, or their manufacture and sale
in the state of Georgia. It prescribes
penalties for the violations. It pro-
vides for the inspection and analysis
of these various articles by the state
department of agriculture.

It makes it necessary for the com-
missioner of agriculture when an ar-
ticle has been reported to him by
the state chemist as being adulterated
to certify the fact of adulteration to
the distiller, attorney of the United
States in case the article comes un-
der the interstate law, or under the
jurisdiction of the United States.

The national pure food law has al-
ready made it the duty of the United
States district attorneys when they re-
ceive such notification to prosecute
the offenders in the United States
courts but if the article adulterated
comes under the jurisdiction of the
state laws, then the state solicitors
are required to prosecute all offend-
ers under the law in the courts of
the states. The law also goes into
details in regard to the manner in
which samples of food and food stuffs
are to be taken.

After the passage of this act the
house passed a private pension bill
this concluding the business of the ses-
sion.

The special order of Tuesday was
the consideration of the bill to ap-
propriate money for the payment of the
Manning bonds, issued by Governor
Brown for the purchase of arms dur-
ing the days of secession. After this
the house will take up the Perry bill
to establish agricultural schools in
each county.

Magazine Officers Arrested.

New York, Aug. 8.—On a supreme
court order issued on complaint of
Raymond R. Housert, vice president of
the Adams Magazine company, the
president of the same company, Fer-
nando de Muriel and Edward Rock,
were arrested Monday night and lock-
ed up. Housert complains that when
he sought to recover \$21,248, which
he had invested in the magazine, the
treasurer (Rock) only answered "have
a drink on me and forget it." Housert
paid in \$21,000 as a part payment
on a \$25,000 block of magazine stock
on the agreement, he declares, that
after one year that the company would
buy his holding after ten days' no-
tice, if he wished to sell.

Kills Man Over Debt of 10 Cents.

Cordale, Ga., Aug. 8.—Two negro
boys, Will Johnson and Bradberry
Porter, had a quarrel at the depot.
They separated, but afterwards met
at the house of Johnson's brother,
and Porter, advancing on Johnson,
was shot in the stomach, dying in-
stantly. It is said they quarreled
over a debt of ten cents.

Indian Recruit Petty Officer.

Washington, Aug. 8.—Among the re-
cent recruits of the navy have been
a number of young Indians, who were
educated at the Carlisle Indian school
in Pennsylvania. Edward M. O'Neil,
a grandson of Red Jacket, the famous
warrior chief, is one of these. He is
a petty officer.

JOHN PICKREN LOSES HIS LIFE.

Rode into River and Was Drowned
While Forging River.

Mt. Vernon, Ga., Aug. 8.—John Pick-
ren, of Daisy, Tattnall county, was
drowned at the public ferry house of
the Oconee river, near Ochlocknee, on
last Saturday night, and his body was
not recovered until Monday afternoon.

Mr. Pickren was visiting relatives
at Glenwood on the west side of the
river. Saturday afternoon he desired
to come to Mount Vernon to transact
some matters of business, and procur-
ed a team from Cola B. Browning, of
Glenwood. He came to Mount Ver-
non in the afternoon.

The ferryman met Mr. Pickren half
way between town and the river.
When Mr. Pickren reached the river
the flat had been left on the west
bank by the ferryman, and the sup-
position is that he drove the horse into
the river, not realizing what he was
doing.

The horse, after going some dis-
tance in the water, turned to swim
back to the shore, and in some way
got loose from the buggy and left
the buggy in the water. The water
almost covered the top of the buggy
at the point where it was found. The
horse reached the bank and was found
Sunday morning feeding near the point
where the buggy was found in the wa-
ter, but Mr. Pickren could not be
found.

Searching parties were out all day
Sunday and Monday and after noon
when his body came to the surface
under some willows near the place
where the buggy was standing.

Mr. Pickren was a stranger here,
but rumor says that his only fault
was his inclination to indulge too
freely in strong drink.

Negro Clerk Arrested for Robbing.

Raymond, Ga., Aug. 8.—Raymond
Hill, a negro employe of the Savan-
nah postoffice, has been placed in jail
for robbing the mails here. He was
arrested Monday night by postoffice in-
spectors. The mails have been pil-
fered for several months at Savannah,
and the inspectors have been constant-
ly working. Several letters contain-
ing small marked bills were sent
through the mails by the inspectors.
They never reached their destination
and it is understood the contents of
some of the letters were found in
the postoffice trash barrel. When ar-
rested, Hill had none of the marked
bills, but was plentifully supplied with
large ones. The inspectors think he
changed the marked bills for those
of larger denomination and they have
sent the numbers of the marked bills
to all the banks asking that if any of
them come in that the postoffice au-
thorities be notified.

Had Only 25 Cents Court Gave Him.

Atlanta, Aug. 8.—When Hoyt Gar-
ner, a white man, was arraigned on
Monday before Judge Andy Callahan,
in the city court, criminal division,
charged with vagrancy, he produced
just 25 cents. "It's all I've got, your
honor, so help me," said Garner,
mournfully. "And you got that from
me," said the court. "You came to
my house the other day, asked me
for money and I gave you a quarter."
As Garner could not show that he had
an occupation, a permanent address,
or his name in the directory, he was
given \$50 and costs or eight months.

Volunt to Issue Bonds.

Chicago, Aug. 8.—The first, detailed
statement of the indebtedness of Zion
City was given to the investors at a
meeting in the college building at
Zion City Monday. The table show-
ed a total of nearly \$5,000,000, which
it is proposed by Overseer W. J.
Voliva to pay by finding the entire in-
debtedness for 14 years and to issue
bonds. The proposition was accept-
ed by an almost unanimous vote of the
\$50 investors present.

Young Woman Identifies Assailant.

Madisonville, Ky., Aug. 8.—Miss
Myrtle Fugate, the young lady who
was assaulted by a negro last Friday
morning, has identified John Cusum
berry the negro who is under arrest
connected with the crime. The negro
admitted that he was the assailant
though he may have a friend at
the friends of the young lady are very
anxious to see him.

20 PEOPLE KILLED BY RAYS OF SUN

Dead And Dying Fill Hospital
Ambulances.

FORCES BROKERS TO SUSPEND

Temperature on Street Level Was 102
and Humidity Terrible—Thousands
Throng Parks—Great Suffering in
Other Cities.

New York Aug. 8.—New York and
its environs sweltered Monday,
and far into the night, for this was
the hottest day of the year. Upwards
of twenty persons in the city alone
died from the heat and hospital and
police ambulances were kept more
than busy, so numerous were the cases
of prostration.

These numbered scores. The govern-
ment thermometer registered 92
degrees at its highest Monday after-
noon, which is a record for the year,
but it was much hotter in the streets
and some thermometers recorded as
high as 102 degrees. The humidity
was excessive.

Thousands of tenement house-dwell-
ers could not endure to stay in their
crowded homes and deserted them for
time being for the city parks and the
seashore, where they sleep in the open
air. The curb brokers in Broad street
were obliged to suspend business be-
cause of the fierceness of the sun's
rays.

Boston, Aug. 8.—With a tempera-
ture that shortly before noon was 87,
and still rising and with a humidity of
80 per cent, 10 per cent above normal,
Monday was one of the most uncom-
fortable of the year in Boston.

Philadelphia, Aug. 8.—The extreme
heat of Sunday and Monday has caus-
ed three deaths and a number of pro-
strations. The government thermom-
eter on the postoffice building at 1
o'clock registered 93.

New York, Aug. 8.—There was some
relief Tuesday forenoon from the tor-
rid weather conditions, which have
prevailed in New York for the last
three days. The weather bureau gave
promise of still further relief by ex-
pected thunderstorms and lower tem-
perature accompanied by a shifting
of the wind to the northeast and rains
Tuesday. Two persons who were
sleeping on fire escapes Monday night
fell to the street and were killed. A
few prostrations from heat were re-
ported early Tuesday.

Patterson, N. J., Aug. 8.—Owing to
the hot weather several factories have
been forced to shut down. There
have been many deaths and prostra-
tions by the heat.

Stabbed Wife, Then Drank Poison.

Caldwellburg, Ky., Aug. 8.—Mrs. J.
H. Brocker, wife of J. H. Brocker, a
prosperous farmer, died Monday af-
ternoon as the result of knife wounds
inflicted by her husband. They were
walking together on the principal thor-
oughfare of the town when, without
warning, Brocker took hold of her with
one hand and with the other drew a
knife and cut her until she fell to the
ground dying. Brocker then took
from his pocket an ounce bottle of
poison of arsenic and drained its con-
tents. A hearty meal, which he had
eaten just before, was all that saved
the man's life. Mrs. Brocker filed a
suit for a divorce several days ago.
This, with jealousy on the part of the
husband, was the cause of the murder.

Charged with Homicide.

New York, Aug. 8.—Thomas Donner,
of the Williamsburg section of Brook-
lyn, is dead, his neighbor, William
Campbell is under arrest charged with
homicide, and Donner's wife is held as
a witness. The charge against Camp-
bell was made by Mrs. Donner who
told the police that Campbell killed
her husband with an axe. She said
that Campbell was drunk and that
she had been with him together. Mrs.
Donner said that she was very much
shocked by the death of her husband.

POSTMASTER ARNOW HAS PASSED AWAY

Old and Distinguished Citizen Has
Succumbed to Inevitable.

A MAN WITH A HISTORY

Had Served His Country Faithfully in
Times of Peace and War—One of
Most Prominent Republicans in Flor-
ida—Interment Held at Micanopy.

Judge George J. Arnow, postmaster of Gainesville, and one of the most widely known and prominent Republicans in Florida, died at his home in this city at 6 o'clock Wednesday morning, after an illness covering a period of several weeks.

Judge Arnow was of advanced age, and had been feeble for some time, but his condition did not assume a critical stage until about three weeks ago, since which time he has been confined to his home.

Few men in Alachua county, or in this entire section, were more widely known than Judge Arnow, and the following biography will prove of interest:

George J. Arnow was born in St. Marys, Ga., in 1825, consequently at the time of his death was in his eighty-first year. His father, Joseph Arnow, a native of Florida in provincial times, removed to Georgia in 1805 and remained there until a few years before the Civil War, when he returned to Florida and located at Micanopy, subsequently returning to his old home, where he died in 1884.

George J. Arnow was educated at the St. Mary's Academy, in Georgia, and then took up the profession of teaching. He had charge of the schools at Brunswick, Ga., and the Methodist school at Micanopy, Fla., and became prominent as an educator. He continued teaching until 1860, when, in that year, he was admitted to the bar, and for a few months edited "The Cotton States." In 1862 he enlisted in the Seventh Florida Regiment, and went to the front. He remained with the Confederate Army until the close of the war, serving in the quartermaster's department, and for some time was in charge at Baldwin as post-quartermaster. After the surrender he returned home, and in 1865 was elected district attorney, in which position he served for two and a half years preceding the congressional reconstruction. He was then appointed for four years by Governor Hart, and served with much credit. At the expiration of his term he was elected to the Legislature. He was instrumental in obtaining the land grant for the Florida Southern Railroad, and made a strong speech in advocacy of that measure.

At the expiration of his legislative term, Judge Arnow was appointed postmaster at Gainesville by President Arthur. He served in this capacity until 1886, when he resumed the practice of his profession. During the McKinley administration he was again appointed postmaster at Gainesville, since which time he has continually served in that honored and responsible position, and during which time, through his energy and enterprise, the postoffice has gradually increased in volume of business and equipment.

Deceased has been prominent as an educator, politician, professional and business man, and has been of especial service in the railroad development of Florida. It was largely through his influence and efforts, coupled with hard and earnest work, that the old S. F. & W. line, now a part of the Atlantic Coast Line, was extended into Gainesville. Alachua was a wild section when Judge Arnow came here many years ago, and no settler has accomplished more than he to help along the development of Gainesville and this entire county and section.

While not unexpected, the death of Judge Arnow has cast a great shadow of sorrow over every citizen of this community, and his demise will be learned with regret throughout the entire State.

The funeral was held at the residence, South Oak avenue, at noon Wednesday, Rev. T. J. Nixon of the Methodist church officiating, assisted by Rev. P. W. Carr. Dr. T. F. Thomas, undertaker, had charge of the arrangements. The service was largely attended, many friends gathering with fragrant flowers to show their last respects to one whom they had learned to very highly esteem.

A special train bore the remains and funeral party over the G. & G. Ry. to Micanopy, where the interment was held in the family burying ground.

The pall-bearers were Hon. Henry S. Chubb, Col. W. H. Palmer, L. L. Hill, A. Ayers, S. J. Burnett and J. H. Vidal.

Deceased leaves one son, Benj. T. Arnow, and three daughters, Mrs. W. T. Waters of this city, Mrs. C. E. Taylor of Brunswick, Ga., and Mrs. Chas. Arnow of St. Marys, Ga., all of whom were present at the funeral.

With the passing away of Judge Arnow another good and faithful servant is gone, and friends extend sincere sympathy to the bereaved ones.

MRS. CHESSEY IMPROVED.

Lady Bitten Supposedly by Mad Cat at LaCrosse Now Much Better.

Mrs. Daniel Chessier of LaCrosse, who was bitten by a cat which was supposed to have been afflicted with hydrophobia, a few days ago, is getting along nicely, the report comes from her home. Mrs. Chessier suffered a great deal for the first few hours after she was bitten, and the question of her safety was a serious one for a while, but the physicians in attendance worked faithfully, and the result was that she is resting nicely now, and will be enabled to leave her bed in a day or two.

The head of the cat which bit Mrs. Chessier was sent to the State Board of Health at Jacksonville for examination, and a report is expected in a day or two.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Slays His Step Daughter.

Nowata, I. T., Aug. 5.—Pleas Childers, a farmer, shot and killed his stepdaughter at his farm near here on Monday, and then fatally wounded his wife. Childers, who was intoxicated, has been arrested.

Good Blood

Good blood, good health; bad blood, bad health; there you have it. Why not help nature just a little and change the bad to the good? Bad blood to good blood; poor blood to rich blood! Ask your doctor how this applies to Ayer's Sarsaparilla, and how it applies to you! Could anything be more fair?

THE NEWS FROM MICANOPY.

Sub-District Will Build More Road.
Thrasher Buys More Property.

Micanopy, Aug. 8.—J. E. Thrasher, one of the leading merchants of the town, has bought considerable property the past few days. He first bought the stock of goods from R. G. Bass of Evinston, then he bought J. F. Barron's goods and moved them into the Bass house. J. F. Barron is in charge of Mr. Thrasher's business at Evinston. He then bought one of Dr. W. C. Johnson's orange groves near here. The latest purchase was the Simonton warehouse on the Atlantic Coast Line. Mr. Thrasher does an immense business, and his trade is constantly growing.

The Southern Bell Telephone Company is coming into Micanopy. They will have an exchange here. They have secured over forty subscribers already.

The Micanopy Banking Company commenced business on the first of this month. Business seems to be very good.

Micanopy sub-road district will build about six miles of hard road this summer and fall. They are building now just as fast as the weather will permit.

Pearson—May Nuptials.

There was a pretty wedding solemnized at Forest Grove Wednesday afternoon, the contracting parties being C. E. Pearson of Dutton and Miss Rosa Marie May of Forest Grove.

Mr. Pearson is a popular bookkeeper in the employ of the Dutton Phosphate Company, while the bride is a popular young lady of her section. Both have many friends, and the marriage was well attended.

As evidence of the popularity of the groom, his associates of the Dutton Company presented him with a fine suit of furniture, costing \$100, which was purchased from the Gainesville Furniture Company through Colonel I. E. Webster, "confidential agent" of the contributors. There were also many handsome and useful individual presents, and altogether Mr. and Mrs. Pearson should be enabled to go to housekeeping without much expense and with a lot of fine furnishings. The Sun, with other friends, extends congratulations.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Young Man Cut Another's Throat.

Atlanta, Aug. 8.—J. D. Coulton stab S. C. Duncan in the neck, severing the jugular vein Tuesday afternoon, from the effects of which Duncan is reported dying at the Grady hospital. The stabbing affray took place in the Star Saloon on Decatur street. The jugular vein is severed and no hopes is held out for the young man's life.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

S. S. S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic, and S. S. S. is recognized very where as the standard. Being made entirely of roots, herbs and bark selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. EO. W. HYDE IS NOW POSTMASTER

Appointed As Temporary Postmaster by Arnow's Bondsmen.

A THOROUGH BUSINESS MAN

Has Been For Many Years a Resident and Business Man of Gainesville, and Enjoys the Confidence of Public. Several Candidates For Office.

George W. Hyde, one of the oldest and most widely known citizens and former business men of Gainesville, has been appointed by the bondsmen for Postmaster George J. Arnow, deceased, temporary postmaster of the Gainesville postoffice. The appointment was naturally a necessity, and an immediate necessity, owing to the death of Postmaster Arnow, as some person had to hold the responsibilities of the postoffice pending the appointment of a person to the regular position of postmaster.

A meeting of the bondsmen, who comprise Col. H. F. Dutton, Col. W. G. Robinson, Major W. R. Thomas, L. L. Hill, Col. W. H. Palmer, Geo. W. Hyde, Col. Evans Haile and Dr. T. F. Thomas, held a meeting Wednesday morning for the purpose of making a recommendation, with the result that Mr. Hyde was recommended for the position and agreed to accept. He assumed the duties at once.

Mr. Hyde is a thorough business man, a competent and efficient accountant, and will fill the duties of acting postmaster with credit to himself and the bondsmen.

There are already several applicants for the position of postmaster to fill the unexpired term of Judge Arnow, and petitions galore are being circulated throughout the city. Among the aspirants are L. C. Lynch, Assistant Postmaster J. P. H. Bell and A. M. Cushman, and it is understood that W. B. Higdon would not object to the plum falling on his side of the fence. In fact, it was reported Wednesday night that Mr. Higdon had either begun the circulation of his petition, or would begin at once. All are good

In the meantime Mr. Hyde will continue to deal out postage stamps and distribute mail to the patrons of the Gainesville postoffice.

High Springs Personal.

High Springs, August 8.—Mrs. G. P. Webb and daughters, Misses Daisy and Hilda Webb, are visiting relatives in Jacksonville.

Mrs. John Quinlan and family have moved to Atlanta. Their many friends regret the departure.

Dr. Walker, president of Sutherland College, spoke in High Springs Sunday on the subject of "Christian Education." His lecture in the morning and sermon in the evening were very able efforts.

H. C. Stevens and family have gone to Seabreeze for a month.

Mrs. J. S. Larsen of St. Petersburg is visiting relatives in High Springs.

Mrs. A. E. Morris has returned to her home here. Her many friends extend sympathy to her in the recent loss of her husband. He died in Valdosta.

Mr. and Mrs. M. C. Frink have moved back from Jacksonville, much to the pleasure of their friends here.

Mrs. Maudie Cloud has returned from a stay at Atlantic Beach.

The game of baseball played between Gainesville and High Springs teams resulted in a score of five to four in favor of High Springs.

MR. SHEATS RESIGNS.

Principal of University High School Will Go to Tallahassee.

Owing to the fact that the Board of Public Instruction of Alachua county were too slow in making an appointment of principal of the University High School for the coming term, Prof. W. N. Sheats, principal for the last term, has "charged his mind," as will be noted from the following letter, which explains itself:

"GAINESVILLE, Fla., Aug. 7, 1906.

"Dr. J. L. Kelley, Co. Supt., and Board of Pub. Inst., Alachua county:

"Gentlemen—About June 18, the Board of Trustees of the University High School, Messrs. W. W. Hampton, G. W. Hyde and J. H. Vidal, nominated me again for principal of the said school for the ensuing year, subject to the ratification of your Board (Sec. 10, Chap. 4678, Laws of Florida).

"A letter dated June 27th from Supt. Kelley received by me at Spartanburg, S. C. said: 'I presented the recommendation of the Gainesville Trustees to the board last Saturday. They refused to appoint you principal of the Gainesville school on the ground that you did not have a State certificate. They have instructed me to advise you that they will gladly do so as soon as you secure the certificate, provided you do so in July.' (Emphasis mine). Before leaving Gainesville on June 19th, principally for my health and on business, I informed the trustees and Supt. Kelley that I had taken part of the examination for State certificate, and would complete it in time to prevent any loss on the part of the school from the State fund, or I would indemnify the school by deducting \$30 a month from my salary. Then the above letter. On receiving this letter, I returned immediately to Gainesville and began reviewing for the State examination. In the meantime trustees of three other schools tendered me positions as principal at equal or greater salaries, regardless of the certificate I held. One of these was the trustees of the Leon county high school at Tallahassee. As it was doubtful if my health would, in the extreme heat of summer, permit me to do the necessary reviewing to take a State certificate in July, I wrote the trustees of the Leon county high school proposing if they would give me the salary

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

named to them, insure it by the required legal forms before the ratification by the Alachua county board, I would accept their school.

"As soon as notified, July 24 that I had won a State certificate, I informed Supt. Kelley, when I was told that the Alachua county board would meet Aug. 7. Prior to that date the Leon county board made good its offer to me, and I feel bound to accept the same.

"I hereby tender my resignation of the principalship of the University High School which you have this day, by the action of your board, legally tendered me.

"I hope you will have no difficulty in finding a principal for the school. I thank both the trustees and the county school board for the endorsement implied in the tender of the position, as well as for the uniform kindness of both during the past year. I shall go to Tallahassee.

"I am yours very respectfully,
"W. N. SHEATS."

PROBABLY CONVICTS.

Referring to the lies being narrated by a class of people who have lately returned North from Florida, The Jacksonville Metropolis says:

"Reading the statements of some of those white men who have returned North as to their bad treatment as laborers in Florida leads us to believe they are either escaped convicts or have served out their time in the camps to which they were sent for crime. It is noticed that some of them studiously avoid saying where they were so badly treated and by whom they were so treated. They merely say 'in Florida.' There are leased convicts working at many places in this State, and they are often whipped for violating camp or sawmill rules. We know that as every term of the criminal court in Jacksonville white strange men are convicted of crime and consigned to prison for certain periods. Some of them may have come to the State as laborers, but perhaps thought stealing an easier method of living and abandoned honest methods and proceeded on a career of crime and were overtaken by the authorities. An investigation of each case of the 'returned laborer North' would probably reveal that most of them have served a term in prison camps here, but these white men usually change their names when detected as criminals, and thereby keep secret their identity.

"One says he was hired in Jacksonville and carried to a turpentine camp to work and there cheated of his money and severely whipped. This kind of talk is almost conclusive evidence that he was in a convict camp.

"There are thousands of Northern men living in Florida who can testify as to the falsity of these charges made against the State by the poor foreign laborers returning North. Many of those who come here to work are perfectly satisfied because they are industrious and live properly. If the men who returning North would give the names they had in Florida and where they worked, names of persons worked for, all the facts could very easily be ascertained in each case."

REPUBLICAN IMBECILITY.

"Standing pat" on the tariff and other economic issues is absurd. Conditions change with time, and what may be for the advantage of the people one year is to their disadvantage thereafter. To "stand pat" on the tariff as the law is today, when it has proven to be plundering the people for the benefit of the protected monopolists, is not statesmanship, but Bourbonism. The fact is the Republican party has become atrophied by standing pat and lost its virility by being fed by the pampered trusts and special interests it has itself created. It stands pat because it does not feel competent to throw off their incubus and again assume its original spirit of liberty and devotion to its pristine conceptions, which were announced in the great Declaration of Independence, but which it now says are obsolete and glittering generalities. The Republican party stands now for taxation without representation—it allows the trusts and protected combines to tax the people ten times the amount than even the plundering tariff law compels the people to pay to the government itself. To stand pat on such a system of legalized robbery is imbecility. The great doctrine of "Equal rights to all and special privileges to none" has no lodgment in the heart of the Republican standpatters.

ROCKEFELLER ESCAPES.

When the news was received over "the ticker" in Wall street that Attorney-General Moody had decided not to press for any jail penalty against John D. Rockefeller and other Standard Oil officials "the fact was pointed to joyfully," says a New York journal in its market report, "as evidence that the Roosevelt administration and the trust were now in accord and that occurrences in the near future will demonstrate clearly that the two have reached a thorough understanding. Wall street regarded the developments in connection with the Standard Oil investigation in Ohio by the Federal Government as a moral victory for the great trust." It seems impossible to divorce the Republican leaders from Wall street influences and trust associations, and the above Wall street news indicates that the trusts will supply the sinews of war and that the campaign fund of the Republican party will be replenished from that source. The dollar subscription dodge of Chairman Sherman is only fake to fool the voters into believing that trust influences have been banished from the Republican campaign.

TYPICAL MACHINE POLITICIAN

The hide bound partisan spirit that some politicians display should show the people how useless they are for any practical service. Here is Senator Frye pledging the Republican State convention in Maine that he was for the g. o. p. "right or wrong." As the Republican machine in Maine has been notoriously corrupt and wrong, very wrong, for a number of years, the members of the convention must have felt their hearts warm to Frye for his pledge to stand by them. It is only necessary to mention that Frye was the champion of ship-subsidy in the Senate to show how faithfully he stands by the g. o. p. when it is radically wrong. The voters of Maine should clear the decks by defeating the Republican ring and then dispose of Frye and his ilk when their time comes. If you look up Frye's record he will be found voting for all the corrupt legislation that the Republican party has been responsible for.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

STATE FAIR NOTES.

The finest band music ever heard south of the Mason and Dixon line will be among the principal amusement features of the coming Florida State Fair, to be held at Tampa, November 14th to 29th. The band engaged for the Fair is the Royal Red Hussar Band of England, which will arrive shortly from Europe to tour the principal cities of the country. The band is composed of forty-five pieces, and is under the direction of Lieutenant Ameers, formerly leader of the Royal Orchestra of England, and a member of King Edwards' household. Lieutenant Ameers has played in all the principal musical centers of Europe, and is known as the "Sousa of Europe." The band had intended coming no further South than Washington, but will be brought to Tampa at the expense of several thousand dollars per week. The playing of this band alone is well worth a trip to Tampa.

What will be one of the most interesting features of the coming State Fair at Tampa will be the grand display of relics, for which a large and special department will be prepared, and probably an additional building. Relics of every kind pertaining to Florida's past history are desired for exhibition, and premiums will be offered on all. Relics and antiques of the old days when the Indians held full sway in Florida, followed by the advent of the Spaniards, also those of the Indian War and Civil War periods are desired. There will be appointed to look after this department special superintendents, and every exhibit will be kept in absolute safety. Those having relics and antiques worthy of exhibition should address President T. J. L. Brown at Tampa immediately.

The horse races at the coming State Fair will be even better than those last year, which were more exciting and better conducted than any ever held in Florida. When the Fair gates open several hundred fine horses will be at the track, a large attendance being guaranteed by the formation of a Southern Racing Circuit extending through Kentucky, Tennessee, Georgia, Alabama, the Carolinas and Florida, Tampa being the only Florida city in which the races will appear. None but running races will be held at the Fair.

CHINESE LABORERS RETURN TO WEST

Did Not Take Well to the Work
in Naval Stores Business.

ARE PHYSICALLY DISQUALIFIED

Were Willing, But Could Not Stand
Hardships of Camp Life and Wading
in the Water from Morning Until
Night—Departure Wednesday.

After all preparation had been made to transport them in the most expedient and most comfortable manner, forty-eight Chinamen who were imported from Portland, Oregon, about three months ago, as an experiment by C. W. Chase, the extensive naval stores operator and phosphate miner, it is said at an expense four times as much as the men finally proved in worth, have been sent back on their journey westward, and when they have once more lit upon Oregon soil, everybody will probably be relieved.

As has been stated before, Mr. Chase was dissatisfied with the negro labor. He was not dissatisfied with the quality of the labor, but dissatisfied on account of the fact that it has been difficult to secure it. Being a man of unusual shrewdness in a business way, he conceived the idea of importing Chinese, and experimented with this consignment from the Pacific slope. They proved unfitted for the work by reason of their physical weakness, and it became necessary, under the terms of the contract, to return them to their homes.

The movement was handled by the Atlantic Coast Line and the Nashville, Chattanooga and St. Louis and Chicago, Burlington and Quincy railroad companies. The Chinamen left Paradise in a special car, and will not be compelled to leave same until they reach Portland. They left Paradise Wednesday.

This experiment, while expensive to Chase interests, has demonstrated the fact that Chinamen will not do to manufacture naval stores, and the naval stores interests of the State will take off their hats in recognition of this demonstration—and perhaps "chip in" on the experiment.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Nine Miners Are Killed.

Charleroi, Belgium, Aug. 8.—An elevator in which nine miners were going down a coal mine here dropped 900 yards, smashing the car to atoms and instantly killed all its occupants.

NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be 'just as good.'"

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. A book of 108 pages. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Griffin Gets Big Meeting.

Atlanta, Aug. 8.—The annual convention of the Georgia State Agricultural Society, now in the sixteenth year of its existence, will be held in Griffin, Aug. 29 and 30. A very attractive program has been arranged, and the meeting promises to be one of the best held in years. There will be from 100 to 150 delegates present. The city of Griffin and the citizens will be the hosts of the occasion. President Conner and Sec. Calvin have been planning for the success of this convention for some time.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Raid Saratoga Gambling House.

New York, Aug. 8.—A special from Saratoga says that the first police raid on a gambling house in Saratoga since the time of "Cale" Mitchell, was made Monday night. It followed the receipt by Sheriff Kavanaugh of Governor Higgins' communication regarding the enforcement of the anti-gambling law. A squad of patrolmen and some deputies visited the place conducted by Joe Ulman and arrested ten men, including the three alleged proprietors.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

Failed to Make Deposits.

New York, Aug. 8.—Matthew Brandon, 35 years old, a confidential clerk and messenger employed by Thomas Paulkner, agent of the combined express lines at Ellis Island, has not been seen for three days, when he left to deposit \$500 in checks and \$1,000 in cash in a New York bank. It was stated at the bank that Brandon had failed to make the deposits.

In Self Defense.

Major Hamm, editor and manager of The Constitutionalist, Eminence, Ky., when he was severely attacked four years ago by pills, bought a box of Buckle's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of burns, cuts, cuts and wounds. No salve drug store.

NONUNION MEN OUT ON STRIKE

Last Year's "Seabs" Now Demand Recognition of Union.

Atlanta, Ga., August 8.—On Monday thirty-seven machinists, who a year ago were employed as nonunion men to take the places of union men, who had struck at the works of the Atlanta Iron and Equipment company, walked out on a strike for higher wages, and a recognition of the International Association of Machinists.

The men are striking because they want their wages raised from \$3.10 to \$3.25 per day. This was refused and they determined to pursue other methods.

When the strike occurred a year ago the Iron and Equipment company put nonunion men in their places, and the work went along all right, and since that time the nonunion men have joined the association and worked under the rules of the order.

The Atlanta Iron and Equipment company were asked about the strike Monday afternoon and stated that this would not interfere with the work of the plant, and that everything would go along just as usual.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St. in Waco, Tex., needs no sea wall for safety.

He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and \$1.00. Trial bottle free.

Overcome by Heat Dies.

New York, Aug. 8.—Hartman Wenzel, 65 years of age, overcome by heat and excitement, fell fainting from a stoop last night and was killed.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness. In killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

STRINGFELLOW SHIPS CARLOAD FINE STEERS

Were of Short Horn Breed, and
in Fine Condition.

BOUGHT BY Z. C. CHAMBLISS

Mr. Stringfellow Owns a Fine Farm
Near City, and Devotes Considerable
Time to Cattle—Believes the Short
Horns the Proper Thing Here.

J. D. Stringfellow, who owns a fine
farm a few miles west of the city and
devotes a part of his business to rais-
ing fine cattle, enjoys the distinction
of shipping the first solid carload of
this class of cattle out of Alachua
county.

Mr. Stringfellow sold a few days ago
to Z. C. Chambliss, the cattleman of
Marion county, a carload, consisting
of thirty-one head, of grade Short
Horn of Durham steers which were
raised on his farm. These steers are
all in healthy condition, well propor-
tioned, and brought good prices.

Mr. Stringfellow has been engaged
in the raising of fine cattle for about
three years, and has been quite success-
ful. He declares that the Short
Horn of Durham is the only beef cat-
tle for this county.

LOCHLOOSA LACONICS

Ice Cream Social Was a Grand Suc-
cess—Personal Notes of Interest.

Lochloosa, Aug. 8.—F. T. Buchanan,
formerly of Lakeland, is spending a
while with his daughter, Mrs. J. D.
Caldwell.

G. A. Hendry and family have re-
cently moved to Hawthorn. We are
sorry to know of this, but wish them a
prosperous change.

R. T. Caldwell spent a few days with
relatives at Pine last week.

Mrs. C. E. Morris, son and step-
daughter of Inglis, are spending a
while with the former's parents, Mr.
and Mrs. J. C. McEwen.

Davis Watson and family of Jack-
sonville are spending a while with the
former's sister, Mrs. A. Roundtree,
and other kindred.

Since Nobles of Island Grove has
moved into our progressive little burg
and is occupying the section shanty.

The ice cream social given at the
home of Mr. and Mrs. W. P. Tompkins
a few nights ago, was quite a nice af-
fair. Lots of fun was afforded by the
nice games that were played, and after
a few games ice cream was served.
Everybody present enjoyed themselves.
A large crowd attended the occasion.

Why Fret and Worry

When your child has a severe cold?
You need not fear pneumonia or other
pulmonary diseases. Keep supplied
with Ballard's Horehound Syrup—a
positive cure for colds, coughs, whoop-
ing cough and bronchitis. Mrs. Hall,
of Sioux Falls, S. D., writes: "I have
used your wonderful Ballard's Hore-
hound Syrup on my children for five
years. Its results have been wonder-
ful." Sold by W. M. Johnson.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the news-
papers is sure to know of the wonderful
cures made by Dr. Kilmer's Swamp-
Root, the great kid-
ney, liver and blad-
der remedy.
It is the great med-
ical triumph of the
nineteenth century,
discovered after years
of scientific research
by Dr. Kilmer, the
eminent kidney and
bladder specialist, and is wonderfully
successful in promptly curing lame back,
uric acid, catarrh of the bladder and
Bright's Disease, which is the worst
form of kidney trouble.

Dr. Kilmer's Swamp-Root is not rec-
ommended for everything but if you have
kidney, liver or bladder trouble it will
be found just the remedy you need. It has
been tested in so many ways, in hospital
work and in private practice, and has
proved so successful in every case that a
special arrangement has been made by
which all readers of this paper, who have
not already tried it, may have a sample
bottle sent free by mail, also a book tell-
ing more about Swamp-Root, and how to
find out if you have kidney or bladder trou-
ble. When writing mention reading this
generous offer in this paper and send your
address to Dr. Kilmer & Co., Binghamton,
N. Y. The regular
fifty-cent and one-
dollar size bottles are
sold by all good druggists. Don't make
any mistake, but remember the name,
Swamp-Root, Dr. Kilmer's Swamp-Root,
and the address, Binghamton, N. Y.

SCAFFOLD FALLS: FIVE HUP

Were Working on Acid Chamber at
Time of the Accident.

Columbus, Ga., Aug. 8.—By the fall-
ing of a scaffold in an acid chamber
at the plant of the Home Mixture
Guano company, Monday afternoon, at
3 o'clock, the following persons were
injured:

John L. Womack, acid maker and
foreman of the acid chamber construc-
tion work, right leg broken at the
thigh, and possibly internal injuries.

Green Butler, negro, right arm broken
and badly bruised.

Ed Jackson, Ed Walker and Hen-
derson Bailey, negro, shocked and
bruised.

Mr. Womack and the negroes were
unrolling a big roll of lead on the
scaffold preliminary to lining the top
of the tank with metal, when sudden-
ly the scaffold, built of stout timbers,
gave way under the weight of the two
pieces of lead, weighing a ton and
the five men, rolls of lead and tim-
bers fell in a heap below to the bot-
tom of the chamber, 20 feet.

Mr. Womack's leg was caught un-
der one of the pieces of lead. One of
the rolls of lead tore its way through
the thick floor and half buried itself
in the ground beneath.

The Home Mixture company is re-
building its acid department, destroyed
by fire a few months ago. The
scaffolding that broke had been used
in building seven acid chambers, and
was being used on the eighth and last
chamber when the accident occurred.

Mr. Womack is a young man who
came from Atlanta a few months ago.
His mother lives at Inman, Ga. He
has a brother, Sam Womack, in At-
lanta. His injuries are serious, but
he will probably recover unless inter-
nal complications develop.

The End of the World

Of troubles that robbed E. H. Wolfe
of Bear Grove, Ia., of all use-
fulness, came when he began tak-
ing Electric Bitters. He writes:
"Two years ago kidney trouble caused
me great suffering, which I would never
have survived had I not taken Electric
Bitters. They also cured me of gen-
eral debility." Sure cure for all stom-
ach, liver and kidney complaints, blood
diseases, headache, dizziness and
weakness or bodily decline. Price 50c.
Guaranteed at all drug stores.

Killed by Lightning.

Ashland, Ala., Aug. 8.—Wade Row-
land, 13 years of age, was killed by
lightning near Ashland and two other
persons severely shocked. The de-
ceased was a son of Attorney R. G.
Rowland, of Ashland.

Unnecessary Expense.

Acute attacks of colic and diarrhoea
come on without warning and prompt
relief must be obtained. There is no
necessity of incurring the expense of a
physician's service, in such cases if
Chamberlain's Colic, Cholera and
Diarrhoea Remedy is at hand. A dose
of this remedy will relieve the patient
before a doctor could arrive. It has
never been known to fail, even in the
most severe and dangerous cases, and
no family should be without it.

MAKING MAPLE SUGAR.

The Modern Way and the Crude
Methods of Early Days.

The sugar season opens a busy in-
dustry in Maine, New Hampshire and
Vermont. Buckets are loaded on to
the ox sleds, boxes of spiles and axes,
and away to the sugar orchard!

Sugar making nowadays is a science.
Only in the extreme rural sections still
remain the wooden buckets and cedar
spiles, but there is still a sugar
warmth, a bursting of healthy joy that
breaks forth just as the swelling buds
on the maples.

No longer are there the crude meth-
ods of an open fire, of the kettles
strung on green forked poles. Pos-
sibly sugar making has lost some of
its genuine savor in the modern evap-
orators, but the product—and its com-
mercial feature is of all importance—
is finer grained, of purer color, freer
from bits of bark and other foreign
refuse.

Important changes in the sugar in-
dustry have lessened the work of the
farmer. In the early days wooden
buckets and handmade cedar spiles
were used. That made both in the
orchard, for the bucket had to be
placed on the ground, and the spile
could not be far above it else the wind
would blow the sap to one side and
thus waste it.

As the snow melted the spiles had to
be drawn, new holes nearer the ground
made and the bucket replaced.

Nowadays the spiles are of metal and
the pails are hung on them. The evap-
orator is a sample of the rapid strides
in sugar making facilities. The mod-
ern orchard has tin or galvanized pails
and metal spiles.

Occasionally a tree runs a bucket
full every fair day during the season,
an average of ten quarts, although the
general run is about half that amount,
unless the weather holds so the trees
run during the night.

Good, honest sirup weighs eleven
pounds to the gallon, and it takes a
barrel of thirty-two gallons of sap to
make a gallon of sirup.

Don't Be Blue

And lose all interest when help is
within reach. Herbine will make that
liver perform its duties properly. J.
B. Vaughn, Elba, Ala., writes: "Be-
ing a constant sufferer from constipa-
tion and a disordered liver, I have
found Herbine to be the best medicine,
for those troubles, on the market. I
have used it constantly. I believe it
to be the best medicine of its kind,
and I wish all sufferers from these
troubles to know the good Herbine
has done me." Sold by W. M. John-
son.

Strike Is Called Off.

St. Petersburg, Aug. 8.—The Novoe
men's council has decided to call off
the strike in St. Petersburg. The an-
nouncement will be issued Wednesday
morning. This action does not apply
to the provinces, but there is little
doubt that the workmen there will fol-
low St. Petersburg's example.

Will Welcome Bryan.

New York, Aug. 8.—Thomas T. Crt-
tenden, of Kansas City, who was elected
governor of Missouri, in 1880, and
who is the oldest living former gover-
nor of that state, will be one of the
Missouri delegates who will come to
this city to welcome Mr. Bryan.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

OFFICERS ARE AT WORK.

Are Endeavoring to Clean Up the Mystery of Sellers Murder Monday.

Notwithstanding that the officers at High Springs have worked hard in the matter of endeavoring to secure evidence as to the assassin of W. C. Sellers, the night watchman of the Atlantic Coast Line who was shot down in cold blood by an unknown assassin on Monday night, nothing definite has been secured—that is, there have been no developments which the officers are willing to give out for publication at this time.

This crime was one of the most dastardly ever perpetrated in Alachua county, and those guilty of perpetrating it deserve nothing but the severest punishment of the law. There are several stories afloat regarding the matter, and some have said that Sellers tried to make a statement and give the name of the party, whom he declared he knew fired the fatal shots. However, the matter is yet a mystery to the public, but the officers are working upon the case.

The coroner's jury will probably throw some light upon the matter, if a thread of evidence has been secured.

Full Term for Waldo.

M. W. Hogan and Dr. J. M. Boring, progressive citizens of Waldo, were in the city Tuesday, and appeared before the school board in the interest of the Waldo school. These gentlemen authorize us to announce that the Waldo school, which is a sub-district school, will run the full term of eight months, and that a competent faculty will be employed. The Waldo school is one of the best in the county.

D. M. Fay and daughter, Mrs. Ethel Lowe, together with her interesting little Chinese daughters, Lena and Ida, who came here with the Chinese importation from Portland, Oregon, did not return with the Chinese "bunch" of forty-eight, who were located at Paradise and Fairbanks in the naval stores work. Mr. Fay and his family are living in a little comfortable vine-clad cottage on East Laster street, and are doing nicely. They are perfectly satisfied with Gainesville, and declare that they propose to remain here for the balance of their lives.

There was a light session of the mayor's court Wednesday, only two cases coming before consideration of that tribunal, Acting Mayor Broome.

W. M. King and James Smith were "hauled up" upon a charge of riding a bicycle without a lantern, in violation of the law; but inasmuch as this was not considered a serious offense, and inasmuch as this was the first offense by the parties arraigned, they were discharged.

THREE NEGROES ARE LYNCHED BY MOB

Blacks Hanged and Riddled at
Salisbury, N. C.

STORMED ROWAN COUNTY JAIL

Mob, Composed of 300 Men, Ran
Over the Soldiers and Battered the
Jail Doors Down—Two Members of
Mob Wounded by Accident.

Salisbury, N. C., Aug. 8.—A mob of
2,000 determined men, mostly white,
on the night of July 31, stormed the
Rowan county jail here, released therefrom three of the five negroes
charged with the murder of the Lewis
family, at Barber Junction, July 1,
and lynched them.

Nease and John Gillespie and J. A.
Dillingham, supposed to be the primary
guilt to the crime were the victims of
mob vengeance. The remaining ne-
groes—Henry Lee, George Evin and
Bella Dillingham—were not molested,
and later the officers hurried them out
to Greensboro.

The mob began gathering at 8:00
down. Mayor Boyden, however, or-
dered the saloons closed and a few
other prominent citizens, including
Senator Overman, Judge Long, who
was holding the special term of court
to try the negroes, and Solicitor Ham-
mer, gathered on the jail steps and
addressed the crowd which at that
time numbered 2,000.

There were howls and cat calls from
the mob, but for a time there was no
move—the mob lacking a leader.

While citizens were appealing to the
mob, two men slipped through the
crowd and were entering the jail with
hammers. They were discovered and
arrested. The mob continued its yell-
ing, but there was still no concerted
move.

About 9 o'clock, Mayor Boyden called
upon the local military company, the
Rowan Rifles, for aid. They as-
sembled quickly but were supplied
only with blank cartridges, having no
orders to shoot to kill.

Fireman McLendon, of Charlotte, a
Southern railway employe, was shot
in the stomach by a bullet said to have
been fired by a member of the mob.
He was fatally wounded. Will Trout
man, a negro drayman, was also seri-
ously shot about the same time. Both
are said to have been accidents, occa-
sioned by some of the few wild shots
fired by members of the mob with the
evident intention of frightening citi-
zens.

At 10 o'clock there was a stir in
the mob—it was augmented by fully
five hundred men, who came. It is
said, from Whitney, where the Whit-
ney Reduction company is develop-
ing the Yadkin water power. It was
but a few minutes after their arrival
when a crowd of 50, forming a sort
of flying wedge, made a break for the
jail doors, overpowered the officers
and effected an entrance. The great
crowd outside surged in behind the
leaders, and in a few minutes more
emerged from the door with their vic-
tims.

The negroes were quietly marched
northward toward Spencer, but a halt
was made at Henderson's ball grounds
in the edge of the town. There the
negroes were given time to confess the
crime. They refused to either deny
or confess and were so thoroughly
frightened as almost to have lost pow-
er of speech.

John Gillespie wept piteously and
begged for his life. Tiring of its ef-
forts to secure statements from the ne-
groes, at midnight the ropes were
quickly brought forward and adjusted
and the three were strung up to the
limbs of one tree and with howls and
curses the crowd riddled the dangling
bodies with bullets.

By 12:30 o'clock it was all over and
a half hour later nothing remained of
the immense throng that had packed
the streets but a few groups of citi-
zens discussing the lynching.

Fireman McLendon, wounded by a

scene.

placed on trial at a special session of
Rowan county court was held on the
night of July 31, 1906, at the
Junction of Isaac Lively, his wife and
two children. Feeling ran high at the
time, and an effort was made to free
the negroes. They were taken to the
jail and brought to Charlotte where they
remained until Sunday night, when
they were taken to Salisbury for trial.

POSTMASTER ARNOW HAS PASSED AWAY

Old and Distinguished Citizen Has
Succumbed to Inevitable.

A MAN WITH A HISTORY

Had Served His Country Faithfully in
Times of Peace and War—One of
Most Prominent Republicans in Flor-
ida—Interment Held at Micanopy.

Judge George J. Arnow, postmaster
of Gainesville, and one of the most
widely known and prominent Repub-
licans in Florida, died at his home in
this city at 8 o'clock Wednesday morn-
ing, after an illness covering a period
of several weeks.

Judge Arnow was of advanced age,
and had been feeble for some time, but
his condition did not assume a critical
stage until about three weeks ago,
since which time he has been confined
to his home.

Few men in Alachua county, or in
this entire section, were more widely
known than Judge Arnow, and the fol-
lowing biography will prove of inter-
est:

George J. Arnow was born in St. Marys,
Ga., in 1825, consequently at the
time of his death was in his eighty-
first year. His father, Joseph Arnow,
a native of Florida in provincial times,
remained there until a few years before
the Civil War, when he returned to
Florida and located at Micanopy, sub-
sequently returning to his old home,
where he died in 1884.

George J. Arnow was educated at
the St. Mary's Academy, in Georgia,
and then took up the profession of
teaching. He had charge of the
schools at Brunswick, Ga., and the
Methodist school at Micanopy, Fla.,
and became prominent as an educator.
He continued teaching until 1860,
when, in that year, he was admitted
to the bar, and for a few months ed-
ited "The Cotton States." In 1862 he
enlisted in the Seventh Florida Regi-
ment, and went to the front. He re-
mained with the Confederate Army
until the close of the war, serving in
the quartermaster's department, and
for some time was in charge at Bal-
dwin as post-quartermaster. After the
surrender he returned home, and in
1865 was elected district attorney, in
which position he served for two and a
half years preceding the congressional
reconstruction. He was then ap-
pointed for four years by Governor
Hart, and served with much credit.
At the expiration of his term he was
elected to the Legislature. He was
instrumental in obtaining the land
grant for the Florida Southern Rail-
road, and made a strong speech in ad-
vance of that measure.

At the expiration of his legislative
term, Judge Arnow was appointed
postmaster at Gainesville by President
Arthur. He served in this capacity un-
til 1886, when he resumed the practice
of his profession. During the Mc-
Kinley administration he was again
appointed postmaster at Gainesville,
since which time he has continually
served in that honored and responsible
position, and during which time,
through his energy and enterprise, the
postoffice has gradually increased in
volume of business and equipment.

Deceased has been prominent as an
educator, politician, professional and
business man, and has been of especial
service in the railroad development of
Florida. It was largely through his
influence and efforts, coupled with hard
and earnest work, that the old S. F. &
W. line, now a part of the Atlantic
Coast Line, was extended into Gaines-
ville. Alachua was a wild section
when Judge Arnow came here many
years ago, and no settler has accom-
plished more than he to help along the
development of Gainesville and this
entire county and section.

While not unexpected, the death of
Judge Arnow has cast a great shadow
of sorrow over every citizen of this
community and his demise will be
remembered with regret throughout the
entire State.

deceased, South Oak avenue, at noon
Wednesday, Rev. T. J. Nixon of the
Methodist church officiating, assisted
by Rev. P. W. Carr. Dr. T. F. Thom-
as, undertaker, had charge of the ar-
rangements. The service was largely
attended, many friends gathering
with fragrant flowers to show their
last respects to one whom they had
learned to very highly esteem.

A special train bore the remains and
funeral party over the G. & G. Ry.
to Micanopy, where the interment was
held in the family burying ground.
The pall-bearers were Hon. Henry S.
Chubb, Col. W. H. Palmer, L. L. Hill,
A. Avera, S. J. Burnett and J. H.
Vidal.

Deceased leaves one son, Benj. T.
Arnow, and three daughters, Mrs. W.
T. Waters of this city, Mrs. C. E.
Taylor of Brunswick, Ga., and Mrs.
Chas. Arnow of St. Marys, Ga., all of
whom were present at the funeral.

With the passing away of Judge
Arnow another good and faithful ser-
vant is gone, and friends extend sincere
sympathy to the bereaved ones.

High Springs Personals.

High Springs, August 8.—Mrs. G. P.
Webb and daughters, Misses Daisy and
Hilda Webb, are visiting relatives in
Jacksonville.

Mrs. John Quinlan and family have
moved to Atlanta. Their many friends
regret their departure.

Dr. Walker, president of Rutherford
College, spoke in High Springs Sunday
on the subject of "Christian Educa-
tion." His lecture in the morning
and sermon in the evening were very
able efforts.

H. C. Stevens and family have gone
to Seabreeze for a month.

Mrs. J. S. Larsen of St. Petersburg
is visiting relatives in High Springs.

Mrs. A. E. Morris has returned to
her home here. Her many friends ex-
tend sympathy to her in the recent
loss of her husband. He died in Val-
dosta.

Mr. and Mrs. M. C. Frisk have
moved back from Jacksonville, much
to the pleasure of their friends here.

Mrs. Mollie Cloud has returned
from a stay at Atlantic Beach.

FORCES BROKERS TO SUSPEND

Temperature on Street Level Was 102
and Humidity Terrible—Thousands
Throng Parks—Great Suffering in
Other Cities.

New York, Aug. 8.—New York and
its environs sweltered Monday,
and far into the night, for this was
the hottest day of the year. Upwards
of twenty persons in the city alone
died from the heat and hospital and
police ambulances were kept more
than busy, so numerous were the cases
of prostration.

These numbered scores. The gov-
ernment thermometer registered 92
degrees at its highest Monday after-
noon, which is a record for the year,
but it was much hotter in the streets
and some thermometers recorded as
high as 102 degrees. The humidity
was excessive.

Thousands of tenement house-dwell-
ers could not endure to stay in their
crowded homes and deserted them for
time being for the city parks and the
seashore, where they slept in the open
air. The curb brokers in Broad street
were obliged to suspend business be-
cause of the fierceness of the sun's
rays.

Boston, Aug. 8.—With a tempera-
ture that shortly before noon was 87
and still rising and with a humidity of
80 per cent, 10 per cent above normal,
Monday was one of the most uncom-
fortable of the year in Boston.

Philadelphia, Aug. 8.—The extreme
heat of Sunday and Monday has caus-
ed three deaths and a number of pro-
strations. The government thermom-
eter on the postoffice building at 1
o'clock registered 93.

New York, Aug. 8.—There was some
relief Tuesday forenoon from the ter-
rid weather conditions which have
prevailed in New York for the last
three days. The weather bureau gave
promise of still further relief by ex-
pected thunderstorms and lower tem-
perature accompanied by a shifting
of the wind to the northeast and rains
Tuesday. Two persons who were
sleeping on fire escapes Monday night
fell to the street and were killed. A
few prostrations from heat were re-
ported early Tuesday.

Sub-District Will Build More Road.
Thrasher Buys More Property.

Micanopy, Aug. 8.—J. E. Thrasher,
one of the leading merchants of the
town, has bought considerable prop-
erty the past few days. He first bought
the stock of goods from R. G. Bass of
Evinston, then he bought J. F.
Barron's goods and moved them into
the Bass house. J. F. Barron is in
charge of Mr. Thrasher's business at
Evinston. He then bought one of Dr.
W. C. Johnson's orange groves near
here. The latest purchase was the
Simonton warehouse on the Atlantic
Coast Line. Mr. Thrasher does an
immense business, and his trade is
constantly growing.

The Southern Bell Telephone Com-
pany is coming into Micanopy. They
will have an exchange here. They
have secured over forty subscribers
already.

The Micanopy Banking Company
commenced business on the first of
this month. Business seems to be
very good.

Micanopy sub-road district will
build about six miles of hard road this
summer and fall. They are building

CELESTIALS WON'T DO FOR NAVAL STORES

They Are Willing, But Physically Inadequate for Work.

WILL RETURN TO PORTLAND

Do Not Like the Work of Chopping and Scraping and Other Things Around a Naval Stores Camp—Not Through Unwillingness, But Inability.

From Tuesday's Daily Sun.

After an experiment which has become exhaustive, covering a period of about three months, C. W. Chase, the naval stores operator, with managers, have decided that the employment of Chinese labor is a "snare and delusion" in comparison to the negro or white labor, in the manufacture of naval stores.

About three months ago Mr. Chase through his agent, imported in the neighborhood of fifty Chinamen from Portland, Oregon, to Paradise and Fairbanks, where Mr. Chase owns and operates extensively in naval stores. There had been a scarcity in negro labor, and Mr. Chase, who is also a big phosphate operator, being president of the Dutton Phosphate Company, the largest in the state, conceived the idea that Chinamen would be the proper substitute and simplify the labor question in this country. At great expense Mr. Chase imported these Celestials, built them a good, comfortable hotel at which to board at Paradise, and started them off right; but it was observed from the first, by reason of the result of the labor, that they were not the people for this class of work.

Gradually the Chinamen themselves began to become impatient, with the result that the management finally decided to send them back to Oregon, where they could follow the pursuits for which they are best adapted.

The result is, that forty-eight out of the fifty or so will leave tomorrow by special car for their place of former abode—Portland. The management has provided comfortable accommodations, and the movement will be via the Atlantic Coast Line, Dixie Flyer and N. C. & St. Louis Railroad. They will be placed in Portland in good season, and it is hoped that everybody will be better satisfied for the experiment.

It is said that the contract for this movement was \$72.00 per head, Paradise to Portland.

ITS MERIT IS PROVED RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

Mrs. Sara Wilson

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:—
"About nine months ago I was a great sufferer with female trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a splendid female tonic. It makes the monthly periods regular and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women."—Mrs. Sara Wilson, 31 East 3d Street, Cincinnati, Ohio.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

IN MAYOR'S COURT.

Lively Session of Municipal Tribunal on Monday Morning.

As usual, the session of the mayor's court on Monday morning was a heavy one, in proportion to other days. Saturday night as a rule provokes more disorder than any other night of the week, with the result that on Monday morning there are more broken heads and determinations of vengeance to be disposed of than at any other time.

James Walters was said to be drunk on the streets Saturday night. He was gathered in, and in the mayor's court, at which President Broome of the City Council was acting as mayor, he was fined \$2.50 and costs.

Peter Collins was alleged to have bent his elbow a few times too often, with the result that his thoughts got to running as high as the foam of his beer, and his heels knocked hard when he endeavored to navigate. He was taken into the fold of wickedness and indiscretion, and fined \$2.50 and costs.

H. G. Kennard was arraigned for shooting at Shad Sams, a negro whom it was alleged had attempted to assault him, making all kinds of threats of what he would do. Kennard is not the kind to take a "bluff," and Sams soon discovered that there was no damage, as Kennard only discharged the weapon in the direction of the fleeing negro after he had started to run. He was fined \$10 and costs, however.

Sams was also arrested, and was released under \$25 bond until Wednesday morning.

LABORERS ARE WANTED

White and Colored—Employment For as Many as Will Apply.

The Florida East Coast Railway Company will pay \$1.25 per day and board, or \$1.80 per day straight, for general work on construction. Transportation furnished. Will leave Gainesville every Wednesday and Saturday. For information apply to John Gillette, 117 West Union street, next door to Dr. Ayer.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. D., writes: "I have used your wonderful Ballard's Horehound Syrup on my children for five years. Its results have been wonderful." Sold by W. M. Johnson.

WALTER WHITE PAINFULLY SHOT

Called to His Front Door and Received a Load of Bird Shot.

THE ASSAILANT IS UNKNOWN

As Far As He Is Aware, White Does Not Know of An Enemy Who Would Shoot Him in the Dark—Man Brought to Gainesville.

Walter White, an industrious colored man who is employed upon the farm of J. M. Haile, near Alachua, was the victim of a mysterious shooting sometime during Sunday night.

The shooting was done at the home of White, and the assailant is not known, as White does not recall any enemies who might take advantage of him in the dark.

White, who has been working on Mr. Haile's place, was asleep, when he was awakened by a call.

"Come out here, I want to see you," the voice summoned. Unsuspectingly the man went to the door and unbolting it, and no sooner had he done so a shot rang out from the front gate, only a few feet away. This shot had no effect, however, and as the man rapidly turned and endeavored to close the door a second volley was discharged, this volley entering the right thigh of White and terribly lacerating the member.

White was brought to Gainesville Monday, when Dr. J. Harrison Hodges attended to his wounds. Dr. Hodges states that there is no immediate danger of the man's life, if blood poison does not set in. The wound was neglected for several hours, which may or may not result in this. This must be determined later.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Meeting of Board of Control.

The regular meeting of the State Board of Control was held in this city Monday, a full board, comprising Hon. N. P. Bryan of Jacksonville, chairman; Hon. J. G. Keilum of Tallahassee, secretary, and Hon. J. C. Baiden of Live Oak, T. B. King of Arcadia and P. K. Young of Pensacola.

The regular routine of business was gone over, there being nothing of especial importance.

After the meeting the board visited the new University grounds, and the members expressed themselves as being highly gratified at the progress being made upon the grounds and buildings.

In Self Defense.

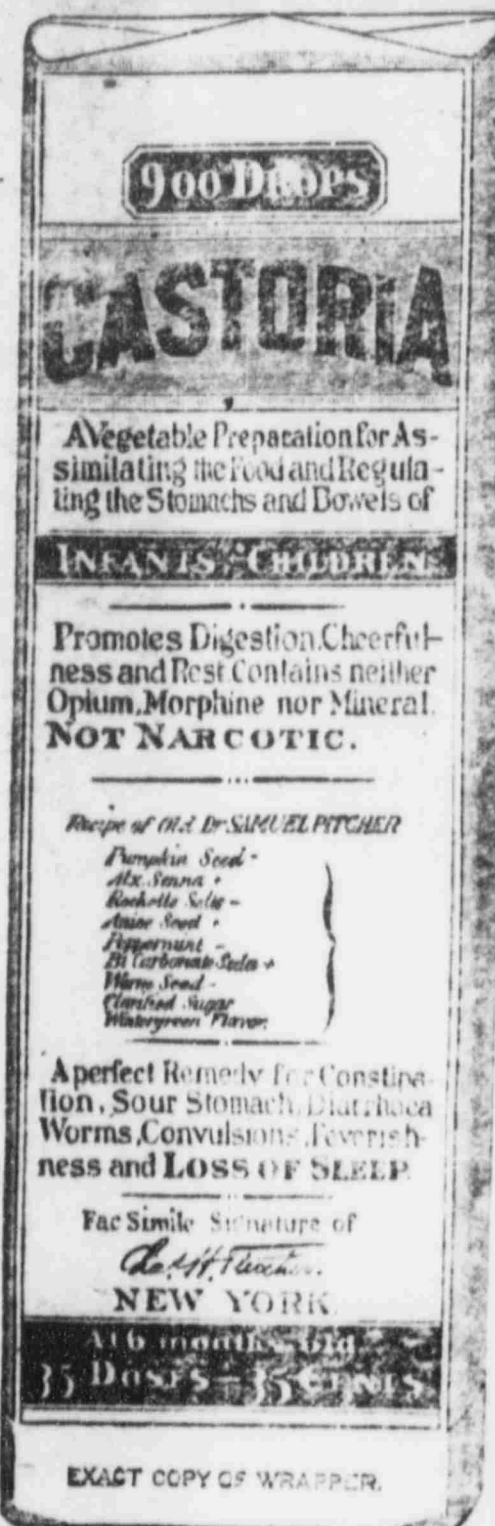

Major Hamm, editor and manager of The Constitutionalist, Eminence, Ky., when he was fiercely attacked four years ago by pills, bought a box of Buckle's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of burns, sores, cuts and wounds. 25c at all drug stores.

Card of Thanks.

Mr. and Mrs. Geo. F. Mason desire to express their sincere appreciation and gratitude for the many kindnesses of friends during the recent illness and subsequent death of their little son, J. Medley, with assurances that these kindly kindnesses will never be forgotten.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. AGAIN LAKE CITY FAILS OF SUCCESS

United States Court Does Not Enjoin Moving of University.

HEARD BEFORE JUDGE SHELBY

Defendants in Case Are Given Until October First to Plead, Answer or Demur—The University Has Been Moved.

Again Lake City has failed in its efforts to keep the University of Florida from being located at Gainesville, the reversal this time coming in the suit argued before Judge David D. Shelby of Huntsville, Ala., of the United States circuit court for the Fifth judicial circuit.

The suit was brought as that of the city of Lake City and F. B. Moody, a citizen of Columbia county, Florida, vs. The State Board of Education, the State Board of Control and Andrew Sladd, as president of the University of Florida.

The case was argued before Judge Shelby at Huntsville by Col. J. N. Stripling on behalf of the complainants, and Attorney William Wade Hampton, for the defendants.

The ruling of the court, which was filed here yesterday by Clerk E. O. Locke of the United States court, denies the petition of the complainants for an injunction pendente lite, and places the costs of the case on the complainants.

All the papers placed before the court, including the declaration are ordered filed here for record. The defendants are given until October 1st, 1906, to plead, answer or demur.

Argument on the prayer for injunction pendente lite was heard before Judge Shelby, in chambers, at Huntsville, Ala., on July 27, 1906.

What Was Introduced

The decision of Judge Shelby, as filed here yesterday morning for record, shows that there was presented to him the following papers:

The bill of complaint first filed at Lake City and then carried before Judge Malone at Quincy, together with the ruling of Judge Malone thereon.

Copy of the order of Judge Malone dismissing the first bill filed in the effort to keep the University at Lake City.

Copy of the order dismissing the bill brought just previous to the filing of the last bill of complaint, a bill seeking to compel the return of such furniture and equipment as had already been moved to Gainesville.

A telegram sent by President Andrew Sladd, announcing that all the furniture and equipment had been moved from Lake City to Gainesville.

The affidavit of President Sladd that the entire equipment and furnishings of the University had been moved to Gainesville.

The Point Involved

The principal point that is raised by the complainants and on the strength of which they hope to eventually secure an order from the United States court compelling the Board of Education, et al., to move the University back to Lake City again, is that clause of the United States constitution which forbids the States to pass any law impairing the obligation of any contract.

The complainants set up that the city of Lake City and citizens thereof, subscribed a certain sum to be given to the University, together with the site for the buildings, in consideration of the University locating there. The acceptance of the site and the money contribution, they urge, is an acceptance of the contract. Then came the "Buckman bill," etc., consolidating the Florida institutions and followed

BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to scratch and come out on his face. I had a physician call, but the sores grew worse. I began to scratch his arms, but in other parts of his body, and the sores came out on his face. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloth at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the ointment. I took it home with my faith, but to please her I tried it, and it seemed to dry up the sores a little. I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since. He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. (Signed) Mrs. Egbert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1905."

A large number of friends of the soldiers were present at the station to see them off and wish them all kinds of honor and glory at the encampment.

The company is in fine training, and will likely make a record for efficiency.

The special, which left here at 10:55 a. m., was a through train, and conveyed the Lake City and other West Florida companies.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Death of An Infant.

J. Medley, the eighteen-month-old son of Mr. and Mrs. George F. Mason, died on Sunday morning at 10 o'clock from congestion of the stomach, after a slight illness. The funeral was held from the residence of Judge and Mrs. H. G. Mason, 611 W. Orange street, Monday morning. Rev. T. J. Nixon of Kavanaugh Methodist Church officiating. The services were attended by a number of friends, who gathered in sympathy with the parents and grandparents in their sad bereavement. The interment was in Evergreen cemetery.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Character is no stronger than at its weakest point. To find that weakness is to be conscious of your limitations.

If you will put your ear to the world's great heart, you will hear that which sounds like the sobbing of the sea.

You may own vast lodes of gold in some mountain-gulch and then be very poor. Wealth is not real until available.

The threadbare cat—that empty barrel—that sad-eyed woman—that poverty-smitten home! Who knows but here is the Holy Grail?

CONSTITUTIONAL AMENDMENTS

The proposed amendments to the constitution which will be voted upon at the election in November are now being published in The Sun, and should be carefully considered by the voters. The one creating the Board of Drainage is of vital interest to the taxpayers and is at present the main topic of discussion throughout the State.

While more than one circumstance no doubt contributed to Governor Broward's nomination in the 1934 primaries, the drainage question and his celebrated map of the Everglades undoubtedly contributed more to his success than any other. This was the view the editor of The Sun, as Senator from Alachua county, took of the matter when the drainage amendment was presented to the Legislature of 1935, and, in common with a large majority of the members, voted to let the people pass upon the question. Literature for and against its adoption has been liberally distributed throughout the State, and Governor Broward is actively at work in behalf of this pet scheme of his. As to its merits and demerits The Sun leaves to its readers to pass upon after a thorough study of the question at issue. We cannot refrain, however, from stating that, according to our own judgment, which has been formed not only from the discussion of the drainage question, but from observation and experience during the past fourteen years as a member of the Legislature, it will prove dangerous to delegate more power to the Internal Improvement Fund Board, to which the adoption of the proposed amendment would give increased powers. They have arrogated to themselves undelimited powers in the past, paying no attention to laws passed by the Legislature, claiming to be greater than their creator, and, personally, the editor of this journal will not vote to give them additional powers.

COTTON CONVENTION.

President Harvey Jordan, of the Georgia and Florida Sea Island Cotton Association, has issued a call for a convention of the growers to meet at Valdosta, Ga., on August 30th and 31st, 1936.

Every county in the States named where long staple is grown should call a mass meeting of the farmers at their respective county seats in the near future and select delegates to attend the convention. The number of delegates will not be limited, so as to enable as many growers to be present as possible.

The object of the convention is to arouse renewed interest in the work of organization; to examine into the probable yield of the crop and fix a fair and profitable minimum price to the growers during the coming season, and to transact such other business as may come before the convention.

Therefore, this call is intended to reach all the long staple growers of the two States named, and to secure their active co-operation and support.

The county delegates are earnestly urged to secure as correct data as possible with reference to condition of the crop and a forecast of the possible yield, and to have this information in hand at the convention. Efforts will be made to secure of reduced railroad rates for the benefit of delegates. Valdosta is named because that city was agreed upon at the organization of the Association as the point to be for future meetings of like character.

Let all persons interested attend the convention. The time has come for active co-operation if good prices are to be realized. It is imperative that prompt and definite action be taken.

CHINAMEN AS LABORERS.

The manufacturing interests of Florida should be under obligations to C. W. Chase, the naval stores operator, for his demonstration of the fact that, as manual laborers, the Chinese are inadequate to the demand. Mr. Chase, who is a progressive citizen and a shrewd business man, realizing the scarcity of the class of labor for naval stores and sawmills, conceived an idea which, should it have been successful, would have largely solved this problem of the scarcity of labor. He imported, it is said at great expense, about fifty Chinamen from Oregon. They were distributed between Mr. Chase's places at Paradise and Fairbanks, but, after three months' trial, it developed that, while the Celestials were willing they were physically inadequate for the work in the woods. The result is that today they will return to their far Western homes on the Pacific slope.

When the importation of foreigners is conservatively studied, it will be

found that the Scandinavian, or Swede, are among the most desirable, for two reasons: First, they as a rule are of a hardy constitution, and can stand the trials of manual labor with less fatigue and better health; second, they are live, honest, progressive, and attend to their own business. There are several colonies of Swedes in this State, one of which is located at or near Komoko, in this county; and wherever you find a Swedish settlement you find a progressive settlement—and a moral settlement.

If it has come to pass that we must protect our industries by importing labor, let those most deeply interested make a venture on the Swede.

PROBABLY CONVICTS.

Referring to the lies being narrated by a class of people who have lately returned North from Florida, The Jacksonville Metropolis says:

"Reading the statements of some of those white men who have returned North as to their bad treatment as laborers in Florida leads us to believe they are either escaped convicts or have served out their time in the camps to which they were sent for crime. It is noticed that some of them studiously avoid saying where they were so badly treated and by whom they were so treated. They merely say 'in Florida.' There are leased convicts working at many places in this State, and they are often whipped for violating camp or sawmill rules. We know that at every term of the criminal court in Jacksonville white strange men are convicted of crime and consigned to prison for certain periods. Some of them may have come to the State as laborers, but perhaps thought stealing an easier method of living and abandoned honest methods and proceeded on a career of crime and were overtaken by the authorities. An investigation of each case of the 'returned laborer North' would probably reveal that most of them have served a term in prison camps here, but these white men usually change their names when detected as criminals, and thereby keep secret their identity.

"One says he was hired in Jacksonville and carried to a turpentine camp to work and there cheated of his money and severely whipped. This kind of talk is almost conclusive evidence that he was in a convict camp.

"There are thousands of Northern men living in Florida who can testify as to the falsity of these charges made against the State by 'the poor foreign laborers' returning North.' Many of those who come here to work are perfectly satisfied because they are industrious and live properly. If the men who returning North would give the names they had in Florida and where they worked, names of persons worked for, all the facts could very easily be ascertained in each case."

Russell Sage took for his ideal the millionaire—and he reached the goal. He was no less a miser because a millionaire. The man that can deliberately throw a clerk between himself and an assassin's bomb has the capacity for money-making. Gladstone died poor because he was too busy to make money. No grave-vandal will dare disturb his dreamless sleep, for he was England's idol. The man who distributes nothing while he lives will die rich. But now the self-centered plutocrat must turn loose his gold, die, sleep in a burglar-proof steel vault, and be forgotten. Who remembers the millionaires of fifty years ago? After all, the world does not canonize her mere money-getters. Russell Sage slumbers in a casket looked from the inside, and his heirs contest his fortune. What does a \$30,000 sepulture amount to if we have no enshrinement in human hearts? And there is an alarm connection made with his coffin if perchance ungaily hands should touch his bones. Hoofed! Better a thousand times to sleep in the bottom of the sea, if love will but immortalize. The green seaweed would be our winding sheet. The wild ocean-winds would chant our requiem. Yes, the man who makes the millionaire his ideal may die rich.

The Lord had the right idea when he made man. He said it was not good for man to be alone, but had he made more than one wife for Adam there would have been more trouble than there was in the shade of that old apple tree.

The world's greatest men grew upward from the lower classes, while the world's meanest men grew downward from the upper class.

So long as America keeps her conscience there's hope for her.

MRS. CHESSEY IMPROVED.

Lady Bitten Supposedly by Mad Cat at LaCrosse Now Much Better.

Mrs. Daniel Chessier of LaCrosse, who was bitten by a cat which was supposed to have been afflicted with hydrophobia, a few days ago, is getting along nicely, the report comes from her home. Mrs. Chessier suffered a great deal for the first few hours after she was bitten, and the question of her safety was a serious one for a while, but the physicians in attendance worked faithfully, and the result was that she is resting nicely now, and will be enabled to leave her bed in a day or two.

The head of the cat which bit Mrs. Chessier was sent to the State Board of Health at Jacksonville for examination, and a report is expected in a day or two.

GEO. W. HYDE IS NOW POSTMASTER

Appointed As Temporary Postmaster by Arnow's Bondsmen.

A THOROUGH BUSINESS MAN

Has Been For Many Years a Resident and Business Man of Gainesville, and Enjoys the Confidence of Public Several Candidates For Office.

George W. Hyde, one of the oldest and most widely known citizens and former business men of Gainesville, has been appointed by the bondsmen for Postmaster George J. Arnow, deceased, temporary postmaster of the Gainesville postoffice. The appointment was naturally a necessity, and an immediate necessity, owing to the death of Postmaster Arnow, as some person had to hold the responsibilities of the postoffice pending the appointment of a person to the regular position of postmaster.

A meeting of the bondsmen, who comprise Col. H. F. Dutton, Col. W. G. Robinson, Major W. R. Thomas, L. L. Hill, Col. W. H. Palmer, Geo. W. Hyde, Col. Evans Haile and Dr. T. P. Thomas, held a meeting Wednesday morning for the purpose of making a recommendation, with the result that Mr. Hyde was recommended for the position and agreed to accept. He assumed the duties at once.

Mr. Hyde is a thorough business man, a competent and efficient accountant, and will fill the duties of acting postmaster with credit to himself and the bondsmen.

There are already several applicants for the position of postmaster to fill the unexpired term of Judge Arnow, and petitions galore are being circulated throughout the city. Among the aspirants are L. C. Lynch, Assistant Postmaster J. P. H. Bell and A. M. Cashman, and it is understood that W. R. Higdon would not object to the claim falling on his side of the fence. In fact, it was reported Wednesday night that Mr. Higdon had either begun the circulation of his petition, or would begin at once. All are good men and the contest throughout this

"Two months ago when I sought your advice, and you told me that I was suffering from systemic catarrh, I had gotten so bad that I could not bear the jolt of walking and had to lie down most of the time."

"I began taking your Peru-na and I feel like a new woman."

"I can walk just as far as I please without feeling any fatigue and I have taken only three bottles of Peru-na."

"I had never cease praising Peru-na nor thanking Dr. Hartman for his advice."

Systemic catarrh claims many victims, but it is not always detected, and therefore not properly treated."

CHINESE LABORERS RETURN TO WEST

Did Not Take Well to the Work in Naval Stores Business.

ARE PHYSICALLY DISQUALIFIED

Were Working But Could Not Stand Hardships of Camp Life and Wading in the Water from Morning Until Night. Departure Wednesday.

After a preparation had been made to receive at the most expected, the Chinese laborers, who were engaged in the work of the naval stores business, returned to the west. They were physically disqualified for the work, and the hardships of camp life and wading in the water from morning until night. They were unable to stand the work, and the hardships of camp life and wading in the water from morning until night. They were unable to stand the work, and the hardships of camp life and wading in the water from morning until night.

They were unable to stand the work, and the hardships of camp life and wading in the water from morning until night. They were unable to stand the work, and the hardships of camp life and wading in the water from morning until night.

The movement was handled by the Atlantic Coast Line and the Nashville, Chattanooga and St. Louis and Chicago, Burlington and Quincy railroad companies. The Chinamen left Paradise in a special car, and will not be expected to leave same until they reach Portland. They left Paradise Wednesday.

The experiment, while expensive to the change interests, has demonstrated the fact that Chinamen will not do the manufacture naval stores and the naval stores interests of the State should take off their hats in recognition of this demonstration—and perhaps "ship in" on the experiment.

MR. SHEATS RESIGNS.

Principal of University High School Will Go to Tallahassee.

Due to the fact that the Board of Public Instruction of Alachua county was too slow in making an appointment of principal of the University High School for the coming term, P. W. N. Sheats, principal for the last term, has "changed his mind," as will be noted from the following letter, which explains itself:

Gainesville, Fla., Aug. 7, 1906.
Dr. J. L. Kelley, Co. Supt. and Board of Pub. Inst., Alachua county:

Gentlemen—About June 18, the Board of Trustees of the University High School, Messrs. W. W. Hampton, G. W. Hyde and J. H. Vidal, nominated me again for principal of the said school for the ensuing year, subject to the ratification of your board (See. 10, Chap. 4078, Laws of Florida).

A letter dated June 27th from Supt. Kelley received by me at Spartanburg, S. C., said: "I presented the recommendation of the Gainesville Trustees to the board last Saturday. They refused to appoint you principal of the Gainesville school on the ground that you did not have a State certificate. They have instructed me to advise you that they will gladly do so as soon as you secure the certificate, provided you do so in July." (Initials omitted).

Before leaving Gainesville on June 18th, principally for my health and on business, I informed the trustees and Supt. Kelley that I had taken part of the examination for State certificate, and would complete it in time to prevent any loss on the part of the school from the State fund, or I would indemnify the school by deducting \$30 a month from my salary. Then the above letter. On receiving this letter, I returned immediately to Gainesville and began reviewing for the State examination. In the meantime trustees of three other schools tendered me positions as principal at equal or greater salaries, regardless of the certificate I had. One of these was the trustees of the Leon county high school at Tallahassee. As it was doubtful if my health would, in the extreme heat of summer, permit me to do the necessary reviewing to take a State certificate in July, I wrote the trustees of the Leon county high school proposing if they would give me the salary

STRINGFELLOW SHIPS CARLOAD FINE STEERS

Were of Short Horn Breed, and in Fine Condition.

BOUGHT BY Z. C. CHAMBLISS

Mr. Stringfellow Owns a Fine Farm Near City, and Devotes Considerable Time to Cattle—Believes the Short Horns the Proper Thing Here.

J. D. Stringfellow, who owns a fine farm a few miles west of the city and devotes a part of his business to raising fine cattle, enjoys the distinction of shipping the first solid carload of this class of cattle out of Alachua county.

Mr. Stringfellow sold a few days ago to Z. C. Chambliss, the cattleman of Marion county, a carload, consisting of thirty-one head, of grade Short Horn of Durham steers which were raised on his farm. These steers are all in healthy condition, well proportioned, and brought good prices.

Mr. Stringfellow has been engaged in the raising of fine cattle for about three years, and has been quite successful. He declares that the Short Horn of Durham is the only beef cattle for this county.

named to them, insure it by the required legal forms before the ratification by the Alachua county board, I would accept their school.

"As soon as notified, July 24 that I had won a State certificate, I informed Supt. Kelley, when I was told that the Alachua county board would meet Aug. 7. Prior to that date the Leon county board made good its offer to me, and I feel bound to accept the same."

"I hereby tender my resignation of the principalship of the University High School which you have this day, by the action of your board, legally tendered me."

"I hope you will have no difficulty in finding a principal for the school. I thank both the trustees and the county school board for the indorsement implied in the tender of the position, as well as for the uniform kindness of both during the past year. I shall go to Tallahassee."

I am yours very respectfully,
"W. N. SHEATS."

BRUTAL KILLING OF W. C. SELLARS

Night Watchman of A. C. L. At
High Springs Shot Like Dog.

THE ASSASSIN IS UNKNOWN

Followed Sellars and Night Watchman
Mostly Around the Yards, After-
wards With Murderous Aim Firing
Upon the Former.

High Springs, August 7.—A dastardly crime was committed in High Springs last night. W. C. Sellars of Tampa, detective for the Atlantic Coast Line, arrived in town on Monday's passenger train with instructions from Mr. Middlebrook to the agent here to place him on the night force as watchman. He was making the rounds with Night Watchman Mosely, when an armed man was noticed apparently shadowing them. Mosely accosted him, when he told Mosely to let him alone—that he was not after him.

A short while afterward Mosely and Sellars returned to the depot, when the latter was shot at six times from behind boxes, two of the loads of buckshot taking effect and inflicting a mortal wound, from the effects of which he died at 8:30 o'clock Tuesday morning.

Mr. Sellars was conscious at intervals, and gave his wife's name and address, but made no statement in regard to his assassin. While in company with Mosely he saw the man but did not know him, and evidently was unsuspecting of his designs.

The coroner's jury will not be able to get all the evidence and hold its session before Thursday. It is hoped that some light will then be thrown on the mystery.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

A Business Change.

Ernest Papy and Andrew Phillips, two of the best known tonorial artists in this section of the State, have purchased the barber shop of Chas. Benson, 106 West Main street N., and will continue the business at the same stand.

The fixtures were really purchased by A. Chreostomides, but have been leased upon amiable terms to Papy & Phillips.

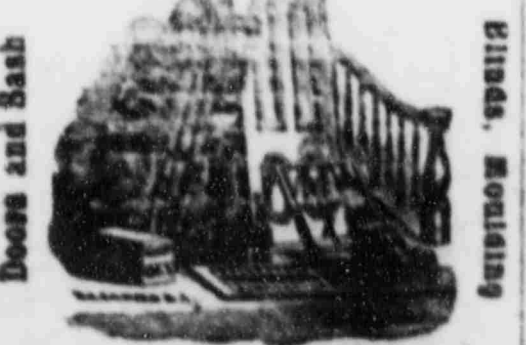

Benson's "shop," as a resort of this kind is usually termed, is one of the oldest in the city. The owner was enjoying a good business, but was compelled to sell out on account of his health.

Cured Hay Fever and Summer Cold.

A J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

FACTS IN NATURE.

Not Only Do We Get Inspiration From
Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

A HANDSOME PRESENT.

Lynch and Davis at Denver Remember
Their Brothers of Gainesville Elix.

A handsome present has been sent to Gainesville Lodge No. 990, B. P. O. E. by Past Exalted Ruler Louis C. Lynch and G. Henry Davis, both members of this lodge. The present consists of a hide of a Rocky Mountain Elk tanner, handsomely tanned and dressed, bearing the form of an elk's head, burned in, with the following inscription: "B. P. O. E. As We Journey Through Life Let Us Live by the Way. Denver, 1906."

The token of remembrance will be formally presented to the lodge by Exalted Ruler Henry S. Chubb, in a neat speech, Thursday night.

Duke of Rutland Dead.

London, Aug. 7.—The Duke of Rutland (John James Robert Manners) died Saturday. He was born in 1818.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood disorders, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.
